

SEPHARDI VOICES

The Forgotten Exodus

Guest speaker: Professor Henry Green,
University of Miami and International
Director, Sephardi Voices

Close to one million Sephardic Jews fled their native Arab lands after 1948, when discrimination and violence put an end to millennia-old Jewish communities. Learn about this forgotten exodus and their Canadian experience, and the digital audio-visual project that documents the lives of a Jewish populace on the verge of disappearing. Presented in partnership with Sephardi Voices.
